## H.W. Coates Limited Gender Pay Statement April 2017

We are an employer required by law to carry out Gender Pay Reporting under the Equality Act 2010 (Gender Pay Gap Information) Regulations 2017.

This involves carrying out six calculations that show the difference between the average earnings of men and women in our organisation; it will not involve publishing individual employee data.

We are required to publish the results on our own website and the government gender pay website.

Our employee demographic is consistent with the rest of our sector which has been historically male dominated; our gender split is 83:17 male to female. We continue to be committed to building a diverse workplace that offers equal opportunities to all employees.
